OIL, GAS & MINING

Dear Mr. Haddock:

In your letter dated May 28, 1992, to Jay Marshall, five questions were asked. This letter is written to address those questions:

Question #1:

Will Castle Valley Resources Inc. remain the permittee?

Question #2:

Who will be the operator?

Question #3:

Who is the resident agent?

Answer:

The individuals and companies remain the same as listed within the existing Chapter 1 of Castle Valley Resources' MRP, as discussed in telephone conversations with Larry Johnson on 8/31/92 and 9/1/92.

Question #4:

Who is authorized to sign correspondence or conduct business for the permittee if different from the resident agent?

Answer:

A letter was written from Mr. Jon Passic to you on May 19, 1992, informing DOGM that correspondence and inspections should be coordinated through Jay Marshall, Genwal Coal Company's Chief Engineer.

Question #5:

Is there any change in corporate structure/personnel?

Answer:

No.

If, in the future, there should be changes to any of the above items, we will submit an amendment to the Mine Plan which will address those changes.

Should you have any questions or need additional information, please contact me at 687-9813.

Sincerely,

GENWAL COAL COMPANY
